### **JEONJU IFF 2024 Call for Entry.**

- The 25th JEONJU International Film Festival is pleased to announce an open call for entry to its International Competition.
- Submission for International Competition is now open and available until January 3, 2024.

The JEONJU International Film Festival (JEONJU IFF) has opened the entries for the 25th edition of the International Competition on Wednesday, November 8 2023. The entry form will be accepted from the start date until Wednesday, January 3 2024 at 17:00 (KST).

The JEONJU IFF places no limitations on genre for the International Competition, which covers a range of genres, from narrative to documentary, experimental, and animation. However, entry must be completed after January 2023 and require an Asian premiere, which means that the film should not have been screened in any Asian country. (In the case of films produced in Asian countries, exemption is only granted if they have not been shown in any Asian country other than their country of origin.)

Submissions can be submitted online via the JEONJU IFF entry website (<https://entry.jeonjufest.kr/en/>) free of charge. The finalists will be announced following internal discussions and preliminary review. Final selections for the International Competition will be notified individually in March. For more details, you can inquire to the Program Team of JEONJU IFF ([submission@jeonjufest.kr](mailto:submission@jeonjufest.kr))
